LET'S START WITH SOME JAZZY BLUES

Ceasy BLUES
part 1

Thank goodness for the BLUES!
It's usually only 12 bars long, you only need 3 chords and if you learn just ONE blues scale you can improvise all day long.

Let's start with the key of C and the three chords

LEFT hand blues chords are usually 7ths (NOT maj7ths) and rarely use as many chord notes as the fuller Jazz chords. Notice the chord notes that have been left out.
